Company Mission

"At Byahut Tea Company, our mission is to export the finest Indian teas to global markets, delivering exceptional quality, authenticity, and innovation. With a steadfast dedication to excellence and ethical practices, we aim to forge enduring partnerships with overseas clients, enhancing their appreciation for the rich and diverse flavors of India's tea legacy."

What are Tea Grades?

Tea grades classify different types of tea based on factors like leaf size and appearance. For CTC tea, common grades include Dust (smallest) to BOP (largest). Understanding these grades is crucial for buyers as it affects brewing methods and customer buying.

Sizes: BOP › BOP(SM) › BP › OF › PD › Dust

Why is Tea Grade Selection Important?

Choosing the right tea grade is vital as it influences brewing techniques and tea flavor. Different grades require specific brewing methods, impacting taste and aroma. Being aware of tea grades ensures buyers select teas that suit their preferences, according to their market.

Traceability & Sustainability Practices

Byahut Tea Company ensures full traceability and sustainable sourcing by procuring tea directly from our own or connected factories as well as reputable auctions, including Siliguri and Guwahati. This approach guarantees transparent supply chains where every batch can be traced back to its origin, assuring authenticity and quality for our buyers.

Direct Sourcing:

Tea is sourced only from trusted factories and well-known auctions, enabling strict control over quality and ethical standards.

Origin Verification:

Each shipment is linked to a specific factory or auction source, providing buyers with complete traceability and confidence in product origin.

Sustainable Partnerships:

We collaborate with partners who follow responsible agricultural practices focused on minimizing environmental impact and supporting local communities.

Ethical Compliance:

By sourcing directly from connected and well-regulated sources, we ensure adherence to fair labor practices and social responsibility.

Environmental Care:

Our sourcing emphasis on reputable factories and auctions promotes sustainable cultivation methods that protect soil health and biodiversity.

Through this sourcing model, Byahut Tea Company delivers premium teas with assured provenance and a commitment to sustainable, ethical production.

Regulatory Compliance & Documentation

Byahut Tea Company strictly adheres to all regulatory requirements to ensure smooth international trade and compliance with global standards. We provide comprehensive documentation with every shipment to facilitate hassle-free customs clearance and meet buyer expectations.

Tea Board Registration:

Registered with the Tea Board of India, ensuring all exports comply with national regulations.

FSSAI Compliance:

All products meet stringent food safety standards under the Food Safety and Standards Authority of India.

GST Registration:

Fully compliant with Goods and Services Tax laws for transparent and lawful business operations.

Import Export License:

Holds valid licenses authorizing international trade and export activities.

Comprehensive Documentation:

Shipments include essential documents such as phytosanitary certificates, certificates of origin, commercial invoices, packing lists, etc.

Customs Support:

Expert logistics management ensures smooth customs clearance and timely delivery, minimizing delays and compliance issues.

Byahut Tea Company's commitment to regulatory compliance and thorough documentation guarantees a trustworthy partnership and seamless global trade experience.
